## **EU SETTLEMENT SCHEME INFORMATION**

The EU Settlement Scheme has been recently set up to provide immigration status to those who need it as the UK leaves the EU. It is therefore important that everyone that needs to does apply.

The EU Settlement Scheme has been designed with the European Economic Area (EEA) citizens and their representatives to be simple and straightforward. It will be looking for reasons to grant, not for reasons to refuse.

The UK's departure from the EU, means that EEA citizens, and their family members, will no longer be able to rely on free movement and will need to obtain immigration status to demonstrate their right to remain in the UK. It means they can continue to be eligible for:

- Public services, such as healthcare and schools;
- Public funds and pensions;
- British citizenship, if they meet the requirements and want to apply.

**The scheme opened on the 30th March 2019 and applications must be made by June 2021. It is free to make applications to the Scheme.**

**If you are required to apply full guidance on how to apply is available at:**
